

The rear panel of the 1000 Series 1U rack-mountable chassis features a variety of ports and connectors. On the left, there are four circular ports labeled LINE IN, LINE OUT, MIC, and AUX. To their right are four D-sub connectors labeled COM1, COM2, COM3, and COM4. Further right are two D-sub connectors labeled VIDEO and VGA. In the center, there are two RJ45 ports labeled LAN 1 and LAN 2. To the right of these are two USB ports labeled USB 1 and USB 2. On the far right, there are two power connectors labeled PWR 1 and PWR 2. The panel also includes a large circular ventilation grille on the left and a small rectangular display or indicator on the right.

cooling and interface with offered power supplies or come with their own.
